about us

At naughtone we like to keep things easy; Useful, Beautiful Furniture quite simply explains what we do. Even our name naughtone means no-nonsense.

naughtone is a British company founded in 2005 by industry professionals. We like to consider ourselves friendly experts and we strive to make the process of selecting, purchasing and receiving our products as easy and informative as possible.

Although naughtone is based in Britain our products are available globally. We design and develop in the UK and our manufacturing strategy supports consistent lead times, pricing and environmental factors in our international markets.

We have our own showrooms in the UK and North America and our products can be seen in furniture dealer showrooms all over the world.

naughtone furniture is used by some of the most influential brands in commerce and culture; there is no better proof of the relevance and application of the product range. We have built this useful collection of products by reacting quickly to market demands with as straightforward solution as possible.

In 2019, naughtone was honoured with a prestigious Queen's Award for Enterprise in International Trade, after expanding rapidly to accommodate international growth. The Queen's Awards for Enterprise recognise and celebrate business excellence across the UK.

naughtone was also placed number 1 in The Sunday Times SME Export Track 100 for 2017, named as The Telegraph's Fastest Growing British Export SME 2018, placed number 22 in The Sunday Times Lloyds SME Export Track 100 for 2018 and placed number 81 in the Sunday Times Virgin Atlantic Fast Track 100 for 2018.

Environment

From day one, designing and making sustainable products has been a part of naughtone. From the first sketch to the last stitch, we do our best to reduce our environmental impact. Where ever possible, we make our products locally working with sustainably sourced materials and local, responsible suppliers to reduce our impact on the environment. We design our products to endure time, trends and use. Every product we make across the globe comes with a 10-year warranty.

Our environmental certifications and health product declarations help our customers to deliver healthier, more sustainable spaces and achieve their project goals. We help customers properly recycle products at the end of their life. Our Take-Back Programme repurposes components, reducing the amount of raw materials we use.

This is just the start. With every product that we design and make, our commitment grows and so does our desire to help everyone create a more sustainable future.

www.naughtone.com/green-credentials

We have a comprehensive range of downloadable product brochures for every naughtone product. These have been designed to document all the relevant product information in one easy to use extended product brochure. These cover all frequently asked questions and are handy when specifying a project.

Every product range now has a dedicated extended brochure that is available for download from the product pages on the website and through the resources area.

Product Lifecycle

1 Design

Every aspect of the naughtone product ranges has been designed with the environment considered, from ethical material choice and production efficacy to storage efficiency and ease of disassembly.

Dense foam sets and resilient fabrics are selected for their longevity and effectiveness across sectors. Durable high quality finishes such as powder coated bases in a range of colours allow clients the freedom of finish options. Finish samples are available allowing clients to make informed decisions and retain to add to their finish libraries for future reference.

2 Raw Material

Local supply of raw materials is employed for the production of our products when possible, procured from suppliers that are quality inspected for extraction methods and meet the highest environmental standards.

3 Production

As many of our products are assembled by hand the energy expenditure wasted from machinery during the production process is kept to a minimum.

All fabrics are cut to ensure optimum efficiency with fabric usage and reduced waste consumption per unit.

All production sites have recycling facilities for any excess product that cannot be used elsewhere, which is then managed by a professional third party.

4 Distribution

Distribution of naughtone products generally occurs directly between the manufacturing site to the client. Production is localised when possible to the US or UK regions, reducing the carbon footprint and miles travelled for each product.

Many items are flat packed for delivery or shipped disassembled with efficient, minimised packaging; optimizing the transportation vessel space.

5 Usage

naughtone products do not require energy or water to function, thus no environmental exchange takes place and no waste is generated during the life of the product.

The only foreseeable need is the cleaning of the product for general maintenance. This includes regular vacuuming to remove dirt and dust particles on upholstery items, and using a dry or damp cloth to wipe non-upholstery items.

This is recommended for all products utilised under conditions of normal wear and is expected to have negligible environmental impacts.

6 End of Life

Although our products are durable and demonstrate timeless design, naughtone products are manufactured in such a way that they can be easily disassembled at the end of life and most of the componentry can be either recycled or re-used as applicable.

As a company we are also happy to accept the return of products, to help re-home or recycle furniture or components at the end of the products useful life.

trace
Small Table

with Glass Top

RECYCLABLE 100%

About Trace
The Trace table range is an unmistakable product in the naughtone range. Traditionally seen with a clear glass top, Trace works equally well solid materials recessed flush into the steel frame. The repetition of shapes makes Trace an exquisitely balanced form, whether it's a coffee table or meeting table.

megaped
Table

About Megaped

With a pared down design and robust construction, the Megaped table supports large table tops. Megaped is perfectly suited for workplace meetings or large functions. The minimalistic soft square shaped base and hollow stem allows for maximum leg space and can be fitted with power and data.

Compliance

- **SCS Indoor Advantage™ Gold Certificate**
- **FSC®certified** products available upon request
- naughtone is **FISP** and **ISO14001** certified

ali
Table

About Ali

Ali is the most recent addition to naughtone's range of coffee, café and poseur tables, working particularly well in the hospitality and education sectors. Ali has a robust die cast aluminium base that is lightweight and perfectly complements our range of 4 star based chairs, within an abundance of environments.

Tun
Table

About Tun
**Part of a sculptural trio that lets colour take centre stage**

The naughtone **Tun Coffee Table** works as a solo centerpiece or in concert with the **Tun Side Tables.** The strong silhouette provides a blank canvas for a wide range of **colours**, with four tabletop options, 16 hues for the steel base, and an array of textiles to customise the upholstered base.

Compliance
- **FSC®certified** products available upon request

hudson

Coatstand

About Hudson

Hudson is named after the iconic housekeeper of 221B Baker Street. As the keeper of the coats, Hudson maintains its presence in the room even when filled with coats.

Functional and beautiful, the Hudson coat stand has a residential appeal that perfectly complements other products in the naughtone range that feature oak, walnut or folded steel.

95

About Polly

Polly takes its name from the material of which the comfortable and ergonomic seat shell is made; polypropylene. Providing very little visual detail as possible, Polly has subtle edge details, a soft texture and just the right amount of flex, all combined to provide a tactile and satisfying sitting experience.

Polly stacks neatly on the ground and on a designated stacking trolley.

ruby wood
Chair / Barstool

❷

❷

❸

About Ruby Wood

The Ruby Wood chair is simple and elegant. The broad appeal design has beautiful attention to detail as well as a supportive sitting position.

With a moulded polypropylene seat shell, Ruby Wood is wipeable, seamless and hardwearing, making it ideal for the workplace, education, hospitality and residential environments.

The generous use of solid hardwood (oak or walnut) in the base is a key characteristic of Ruby wood and provides a robust chair with a real sense of material and tactile value in the product

Ever

Sofa & Chair

❶
About Ever

Vibrantly versatile and designed for easy end-of-life recycling

The **Ever Sofa and Chair** from naughtone, comes in an array of fabrics and finishes to harmonize with existing furniture, such as the Always family. Designer Ric Frampton began with the end in mind, and Ever's responsibly sourced materials can eventually be easily separated with simple tools for proper recycling. After your sofa reaches the end of its long life, which is backed by a **10-year-warranty**, simply return it to naughtone via our **take-back programme.** We'll handle the rest, making sure each of its materials make it to the **right place.**

❷

fiji

Chair / Sofa

About Fiji

As naughtone's most luxuriously upholstered lounge chair and sofa, the Fiji range offers a significantly different aesthetic to other naughtone lounge chairs, as the plush upholstery provides a welcoming cocoon-esque retreat. The hidden swivel on Fiji chair makes it ideal for a multitude of situations.

Pullman
Chair

❶

❷
About Pullman Chair
Ideal for flexible working environments, the Pullman Chair delivers privacy and comfort with a modern touch to open plan spaces—from busy offices to university communal areas. Position the chair alone for independent work or place chairs together for small group collaboration. The Pullman's high back, upholstered body, and foam construction help provide a level of acoustic comfort needed for focused work without distractions or a quiet retreat. Specifying a swivelling plinth base allows the user to turn more inward, adding an extra level of privacy. Designed to complement the Pullman family of products, the chair maintains visual cohesion across the floorplate. Choose from an array of attractive colours, finishes, and fabrics to tailor Pullman seating to fit into your unique environment. The chair also features a tablet arm to position work and devices comfortably.

Pullman

Chair Pod

About Pullman Chair Pod

Ideal for flexible working environments, the Pullman Chair Pod delivers privacy and comfort with a modern touch to open plan spaces—from busy offices to university communal areas. An extension of the Pullman Chair, this single-seat chair pod boasts extra panels to create an almost full enclosure, helping to provide a level of acoustic comfort needed for focused work or a quiet retreat without distractions.

Designed to complement the Pullman family of products, the chair pod maintains visual cohesion across the floorplate. Choose from an upholstered plinth base or a leg base, as well as an array of attractive colours, finishes, and fabrics to tailor the Pullman to your unique environment. The chair pod also features a tablet arm to position work and devices comfortably.

pullman

Sofa

About Pullman Sofa

The Pullman sofa is part of the wider Pullman range of high back seating products. The Pullman range functions as an attractive private retreat or group collaboration space, on an economical footprint.

Pullman Sofa is a compact high back sofa range; the high back creates an ideal retreat for individuals to relax in, take private phone calls within or to have a chat with a colleague in an informal environment.

The addition of the integrated tablet arms transforms the sofa into an option for private or collaborative working.

Pullman
Desk

1

2

About Pullman Desk
The Pullman Desk is a single-user freestanding desk with an upholstered plinth base. The work surface provides a space for focused work or a quiet retreat without distractions in open plan spaces—from busy offices to university communal areas. The wall panels, upholstered body, and foam construction help to provide a level of acoustic comfort needed for concentration. Designed to fit in with the Pullman product family, and complement naughtone chairs and stools, the Pullman Desk maintains visual cohesion across the floorplate.

Choose from an array of attractive colours, finishes, and fabrics to tailor the Pullman Desk to your unique environment. The desk features a scoop cutout for power and data integration, as well as a cable zipper sleeve for discrete cable management. The scoop can also accommodate a clamp mount monitor arm.

About Pullman Desk Pod
An extension of the Pullman Desk, the Pullman Desk Pod provides a space for focused work or a quiet retreat without distractions in open plan spaces—from busy offices to university communal areas. This single-user desk pod with an upholstered plinth base boasts extra panels to create an almost full enclosure. Designed to coordinate with the Pullman product family, and complement naughtone chairs and stools, the Pullman Desk Pod adds visual cohesion across the floorplate.

Choose from an array of attractive colours, finishes, and fabrics to tailor to your unique environment. The desk pod features power and data integration, including a cable zipper sleeve for discrete cable management, and can accommodate a clamp mount monitor arm.

hue
Seating

About Hue
Hue is designed for dividing, creating and utilising awkward space whilst encouraging collaboration at a higher posture. As a luxurious retreat for group or individual work, Hue is perfect for use in narrow spaces, and is ideally suited for pre and post meeting situations.

Part of the wider Hue range, Hue sofa has a fully upholstered seat with a steel frame that combine to make an attractive and comfortable sofa range available as standard or bar height.

Use Hue sofa with Hue table to create touch down points in awkward spaces.

Modular Seating
About Symbol

The Symbol seating and table range has a pared-down aesthetic, designed to feel like part of the architecture and provide building blocks for furniture landscapes.

Symbol has a firm upright sit and compact dimensions and with the addition of the upholstered table, is perfect for modern commercial environments where space is a premium and the furniture must look after itself.

Available with a wide range of leg options as standard and naughtone's wide fabric selection, Symbol is the perfect base for a commercial furniture plan.

clyde club

Chair, Sofa and Bench

About Clyde Club

Designed with classic functions in mind, The Clyde Club oozes familiarity whilst the scooped profile and stainless-steel sled base retain its unique contemporary edge. Clyde has a comfortable but formal sit, ideal for hospitality and retail environments, whilst the compact footprint rounds off its practical benefits.

thankyou

Issue 6.5

This brochure is thanks to the hard work of our clients and customers. Without their fresh approach to interiors we would not have had cause to develop exciting new products.

Also, thanks to the naughtone team for all their hard work and all of our friends who have contributed toward the content in this brochure.
